

SLURP original midnight espresso #153

Midnight Espresso Coffee Brasil

Dark chocolate · Roasted hazelnuts · Bittersweet

Dark, intensive, strong — those will be first emotions after tasting this coffee. Yet, in a good way. The darker we roast, the more important it is for us at Rogers Coffee to pay full attention to every single second during the roasting process. Too big a flame or a few seconds too slow of an action can push the coffee flavour away from our desired profile. This said, we know You will love it. The nutty and intensive flavours usually found in Brasil coffees are even more bright in this coffee. This is a coffee to stay awake and have a smile while enjoying it. This is Midnight coffee — Brasil Dark!

Midnight Espresso Coffee Brasil

ダークチョコレート・ローストしたヘーゼルナッツ・ほろ苦い

今回のMidnight Espresso Coffee Brasilは、お目覚めコーヒーにもぴったりの深いロースト感とコクが特徴です。

Roger's Coffeeでは、深めに焙煎するときは特に、1つ1つの工程に細心の注意を払っています。たった数秒の遅れがコーヒーのフレーバーに大きく影響してしまうからです。ブラジル産のコーヒーらしいナッツの香りと強いフレーバーをお楽しみください。
